

CONSTRUCTION TRAINING ASSESSMENTS BEHAVIOURAL SAFETY COMMITMENT STATEMENT

Construction Training Assessments believe that behaviour turns systems and procedures into reality. Safe behaviour at work is of paramount importance and, as such, needs to be treated as a critical work-related skill.

Construction Training Assessments continuing aim is to promote an understanding of safety and to identify how we can positively influence behaviour.

It is estimated that up to 90% of workplace injuries are caused by unsafe behaviour. Construction Training Assessments operate a number of initiatives to support safe behaviour within the workplace.

Safety procedures, instructions, equipment, and tools have been provided to keep you safe! Following them will give you the best chance of doing a job safely.

This statement is briefed and acknowledged by all persons working for and on behalf of the company and is made available to clients and the public as required. It will be reviewed annually, or as and when required by the Managing Director.

If you don't think it's safe, don't do it
